

Dear Students,

Fall, 2009

Below is a listing of websites for agencies at which HGP students do/can volunteer. Many of these sites have a “volunteer” option on which you can click to receive more information. If not, use the “contact us” option to express your desire to receive more information about volunteer opportunities. This is certainly not a comprehensive list! I expect to add to it over time. I hope that you will be able to use this listing/these sites to either locate or learn more about places to volunteer before signing up, either at school or through the agency itself. If you have any questions or need help, don’t hesitate to contact me via e-mail.

Sincerely,

Mr. Fitzpatrick
