

August 2022

Happy Summer!

This information is an update for our new and returning Rowing families.

For access to the links, you can view this message on our website at
<https://www.holyghostprep.org/athletics/athletic-announcements/crew>

Uniforms and Gear

Uniforms will be ordered through boathouse sports gear store. A uniform package has been added to the order, which includes Unisuit, compression pants and compression shirts.

Returning Rowers if you do not have the compression pants and/or compression shirt please purchase them as a part of your uniform.

We will open our online gear store in late August for anyone interested in purchasing rowing gear (hoodies, sweatpants, etc.) The store will only be open for a few weeks to ensure delivery as quickly as possible.

Payments and Fees

We are making some changes to the way families pay rowing fees. Families will be able to pay rowing fees through the rowing website through September 15th, 2022 for the Fall. After this fall, and moving forward, all rowing fees will be added to the student tuition billing system for payment. Rowing will appear as a fee on your tuition bill and can be paid the same way you currently pay your tuition.
